

THIRD GRADE TRACK 3 WEEKLY NEWS

October 6, 2017

Edition: 10

What have we been learning? #beingstrategic

We've had a terrific week ten!
Here are some highlights in each subject area:

Reading: This week we practiced being **fluent and accurate** readers by reading excerpts and recording audiobooks from *Nasreen's Secret School* and *Rain School*. *Ask your child what he/she did well with their recording.

Writing: This week we **edited, revised, and published** our reading contract that included challenges and strategies we would use to overcome these challenges. *Ask your child about his or her bookmark!

Math: We've continued to study the relationship between **multiplication and division**. We are becoming experts at using tricks and songs to remember our facts. *Ask your child to share the 6 & 9 finger tricks!

Science & Social Studies: This week we wrapped up learning all about **matter** with Ms. Hazelgrove! *Ask your child to share an important fact they learned about solids, liquids, or gases.

***Readvolution:** In recognition of the 20th Anniversary of the Carolina Hurricanes and the Wake County Public School Systems Strategic Plan of Vision 2020, WCPSS and the Carolina Hurricanes are teaming up to bring **Readvolution** to all of our elementary schools. This partnership will support a community-wide literacy campaign around daily reading outside of school. The goal of this campaign is to highlight the importance of reading in creating college, career ready graduates. We will kick off this event in schools starting October 2nd and an end date of January 12th. **Please log your child's books each day, and let me know if you have any questions.**
