

THIRD GRADE TRACK 3 WEEKLY NEWS

September 22,
2017

Edition: 8

What have we been learning? #beingstrategic

We've had an amazing week eight!
Here are some highlights in each subject area:

Reading: This week we continued to explore our overcoming challenges theme by taking a look at *More Than Anything Else*. We worked hard to **determine the lesson** and **specific details from the text** to support it. *Ask your child to share who the book was about (Booker T Washington).

Writing: This week we continued practicing writing **informative paragraphs** (with an intro, focus statement, body, conclusion) related to lesson/message/moral. We wrote one about *Rain School* with a partner, and then had a chance to complete one related to *More Than Anything Else* on our own. *Ask your child to share about our color coding activity to ensure we included all the main parts in our paragraphs.

Math: This week we started exploring **multiplication** by taking a closer look at repeated groups and arrays. *Ask your child to share how they could draw repeated groups and use addition to solve 8×4 .

Science & Social Studies: This week we began learning all about **matter** with Ms. Hazelgrove! *Ask your child to share an important fact they learned about solids, liquids, or gases.

Reminders & Notes
